#### **Group activities:**

- Option 1. A walk along the old railway track which linked Nailsworth and Stonehouse (now a cycle path) to visit Dunkirk Mills and back via Egypt Mill and Day's Mill. 2 miles on largely level ground. Good footwear needed.
- Option 2. A walk that illustrates how Nailsworth adapted when it lost its Mills, and other industries came to the fore. This tour will take you to some of Nailsworth's less visible, but equally important historical sites such as the old railway station. 2 miles of level walking on good paths.
- Option 3. Nailsworth has a very important history in terms of religion, and this walk takes in its three most important buildings: St George's, the Quaker Meeting House and Christ Church. 1.5 miles on firm surfaces with some slopes.
- Option 4. Nailsworth lost many of its residents during the two world wars but they have not been forgotten, thanks to painstaking research by the Nailsworth Archives team and the plaques which are now marking their homes. This walk gives an opportunity to visit some of the plaques. The most energetic of the walks at 3 miles, steep in places with lovely views, typical of Nailsworth. Good walking shoes needed.
