### Malcolm Waldron

Research & Author Section V;

Brought up and educated in Croydon, Malcolm left school at 18 to work for Eagle Star Insurance. After moving to Cheltenham in 1970, he retired in 2000 after nearly 37 years with the company and Zurich, its successor; by 1997 Tewkesbury had beckoned and he re-located. His long interest in military history was inspired by his father's capture at Dunkirk, and his subsequent four years as a *POW*. His abiding interest in the Great War developed because of four serving uncles. That also inspired him to join the *Western Front Association*.

Sam is a member of the *Western Front Association* and also a committee member of THS. He is married to Kate with two adult daughters.
